Overview

Vendor Australia Post Shipping Extension is an Addon for CedCommerce Multi-Vendor Marketplace. It manages shipping for all countries. It provides various shipping methods. This extension is very useful for vendors in case they want to set Australia post shipping for their products. This module is dependent on Vendor Multi Shipping Addon. With the help of this module vendor can allow different Australia post shipping methods for their products. Vendor has the authority to enable or disable this functionality for their products. Vendor has to set the shipping address then only the customer will see the Australia post shipping rate for the vendor's products. Admin has full control over this module and can enable or disable this functionality.

Since this is an addon and is dependent on Vendor Multi Shipping Addon therefore, CedCommerce Multi-Vendor Marketplace and Vendor Multi Shipping Addon have to be installed before installing Vendor Australia Post Shipping otherwise, this addon won't function properly.

Configuration Settings

The configuration settings can be opened from **CsMarketplace > Vendor Configuration** in the menu section.

i. Enable Australia Post Shipping for Vendor

When set to Yes, vendor Australia Post shipping will be enabled and vendor will see this option in vendor shipping method panel. Otherwise Australia Post shipping will not be available for vendor.

	▲ Before Enabling this please enable Australian Post Shipping Method	

ii. Enable the Default Australia Post Shipping Method

This module is based on the Magento default Australia Post shipping method. So this shipping method should be enabled by the admin. Admin can enable the Australia Post shipping method by going to the **System -> Configuration -> Shipping Method** section. Here you will see the “Australia Post Shipping” group and set the “Enabled” field to “yes”. Now the vendor Australia Post shipping will be available to the vendor and the customer will see vendor Australia Post shipping method.

Vendor Configuration

When, Vendor Australia Post Shipping Addon has been installed and configured by the admin, then the vendor can configure the Australia Post shipping method in the vendor panel. Firstly, the vendor has to set the shipping settings in their panel. In it they have to set their shipping address. Then he can set the shipping method setting in vendor panel.

To open this page, login as vendor and go the **left navigation bar, Settings -> Shipping Method**

i. Active

From here vendor can enable/disable the Australia Post shipping method for his products.

ii. Allowed Methods

Here the vendor can set the methods which he wants to allow for his products. Only the allowed methods will be shown with the vendor products.

Australia Post Shipping on Cart Page

Customer will see vendor wise shipping on the cart page. This module is dependent on Vendor Multi Shipping addon, so you must install multi shipping. In the attached snapshot you can see that there are two products in the cart associated with different vendors. Here you will see the vendor "Williamson" has enabled the Australia Post shipping for his products. So the customer will see vendor wise Australia Post shipping for this vendor. If any vendor has not enabled any shipping method then the customer will get the rates defined by the admin for the vendor's products.
