## Overview

CedCommerce Vendor Delivery Shipping is an Addon for CedCommerce Multi-Vendor Marketplace. This extension is very useful for vendors in case they want to set delivery shipping for their products. This module is dependent on Vendor Multi Shipping Addon. With the help of this module, tracking number is assigned automatically as soon as vendor ships the product. Vendor has the authority to enable or disable this functionality for their products. Vendor has to set the shipping address then only the customer will see the delivery shipping rate for the vendor's products. Vendor can generate manifesto and download it in the format of pdf. Vendor can send mail to whom he wants. Admin has full control over this module and can enable or disable this functionality.

Since this is an addon and is dependent on Vendor Multi Shipping Addon, therefore, CedCommerce Multi-Vendor Marketplace and Vendor Multi Shipping Addon have to be installed before installing Vendor Delivery Shipping otherwise, the addon won't function properly.

## Configuration Settings

The configuration settings can be opened from **CsMarketplace > Vendor Configuration** in the menu section.

### i. Enable Delivery Shipping for Vendor

When set to Yes, vendor delivery shipping will be enabled and vendor will see this option in vendor shipping method panel. Otherwise, delivery shipping will not be available for vendor.

Vendor Shipping Carriers		
Enable Free Shipping For Vendor	<input type="text" value="Yes"/>	[WEBSITE]
	▲ Before Enabling this please enable Free Shipping Method	
Enable Delivery Method For Vendor	<input type="text" value="Yes"/>	[WEBSITE]
	▲ Before Enabling this please enable Delivery Shipping Method	

## ii. Enable the Default Delhivery Shipping Method

This module is based on the CedCommerce Delhivery shipping method for Magento. So this Delhivery shipping method should be enabled by the admin. Admin can enable the Delhivery shipping method by going to the **System -> Configuration -> Shipping Method** section. Here you will see the “Delhivery” group and set the “Enabled” field to “yes”. Now delhivery shipping will be available to the vendor and the customer will see vendor delhivery shipping method.

## Vendor Configuration

When the Vendor Delhivery Shipping Addon has been installed and configured by the admin, then the vendor can configure the delhivery shipping method in the vendor panel. Firstly, the vendor has to set the shipping settings in their panel. In it they have to set their shipping address. Then he can set the shipping method setting in the vendor panel.

To open this page, login as vendor and go the **left navigation bar, Settings -> Shipping Method**

### i. Active

From here the vendors can enable/disable the Delhivery shipping method for their products.

### ii. Fixed Shipping Charges

Here the vendor can set the fixed shipping charges for the products.

## Delhivery Shipping on Cart Page

Customer will see vendor wise shipping on the cart page. This module is dependent on Vendor Multi Shipping Addon, so you must install multi shipping. In the attached snapshot you can see that, there are two products in the cart associated with different vendors. Here you will see that vendor "John" has enabled the Delhivery shipping for his products. So the customer will see vendor wise Delhivery shipping for this vendor. If any vendor has not enabled any shipping method then the customer will get the rates defined by the admin for the vendor's products.
